### TRAINING SEMINAR

*European Platform for Worldwide Social Work and the Department  
of Social Work TEI Athens*

### PURPOSE OF THE TRAINING SEMINAR

#### **GOALS**

1. Exchange of knowledge concerning Supervision and Fieldwork Placements throughout Europe
2. Explain as clearly as possible the role of Social Work Supervision and suggest practical ways in which it can be carried out creatively through different models of Social Work supervision
3. To bring closer the roles of: field work tutor practice, the supervisor and the student in order to make student oriented contacts
4. To emphasize that:
  - Every fieldwork placement should be seen as a learning continuum for each student
  - The supervision should be seen as an active bilateral partnership between the student and the supervisor
  - The minimum criteria are desired for fieldwork placements and the attributes of the practice teacher for a successful placement

In addition, **during the training the following topics will be discussed:**

- Methods of teaching and learning in supervision
- Evaluation of fieldwork placements
- Evaluation of students
- Evaluation of the supervision process
- Role of the supervisor
- Role of the practice teacher
- Role of the placement

- Duties of the students
- Report writing
- Pre-placement stages planning for the student

## **OUTPUTS**

1. Development of a common European supervision Model for ERASMUS and LEONARDO exchange students
2. Development of minimum common criteria for fieldwork placements giving priority to the ERASMUS and LEONARDO exchange students
